

British Age Group Categories Award Report

Yorkshire SA A.G Championships 2008

NOTE: We detected some processing issues when calculating the overall Bagcat Points. The points used in the overall best swims for the sprints gala were long course times, i.e the points you would have got if the events were swum in a 50m Pool. The Sportsystems software produced results that were apparently erroneous, and the support person who deals with problems is away in Australia until late April.

In order to get the Awards presented I manually calculated the points for the short course gala last Saturday by using the Sportsystems Calculator for the top 5 swimmers.

If you want to check your own calculations you can download this calculator from www.sportsys.co.uk

David Dickenson (Hon. Championship Secretary).
